Objectives and Methodology

EY is collaborating with the industry to inform the assessment of post COVID economic recovery plans by prioritizing 'shovel-ready' low carbon investment opportunities in the pipeline. These investment opportunities help achieve the right balance between economic recovery and climate neutrality goals in the post COVID stimulus action by Government of India. The principal objectives of this collaboration are as follows:

* Identify 'shovel ready' low carbon investment opportunities under development - 'project pipeline'

* Assess what is at stake in terms of impact on economic recovery and development jobs and
