HSE Library Guide

Trivia

HSE Library was founded in 1993 and currently has 8 branches. The Library houses approximately 600,000 printed documents, 140 Russian periodicals and 60 foreign ones. Our patrons can access more than 50 electronic databases. The Library is a perfect place for studying, working and socializing. Nearly 1000 people can use Library reading halls at once. The Central Library is located at Pokrovsky boulevard. The reading halls take three floors and can seat up to 500 people. The majority of stored publications are in the open access and can be borrowed. HSE students spend a lot of time here and thus the second floor of the Library is open 24/7. The Library never sleeps and is always happy to support your studies and research.
